

# STUDENT INTERVIEW

BANSAL CLASSES, MEERUT BRANCH

DATE : 22nd JUNE 2014

Student's Name : Aditya Tomar

Father's Name : Dr. PUSHPENDRA TOMAR

E-mail : aditya1010@yahoo.com Mobile No. : 9719971955

JEE MAIN Score : 157 out of 360; JEE ADVANCE Score : \_\_\_\_\_ out of 360

BOARD SCORE OF EACH SUBJECT OUT OF 100 BOARD : UP / CBSE / ICSE

Physics 90 Chemistry 95 Mathematics 87 English 95 Optional Subject 91 Overall % 91.6

1. How to prepare for Board ?

For boards NCERT books are more than sufficient. I think 2 hours i.e. 2 days for boards regularly would be enough.

2. How to prepare for JEE Main ?

For JEE Mains Bansal Classes Sheet Ex-1 and DPP are enough. Consistency is the key and mostly every thing comes under CBSE Syllabus. For NEET Specialty for Chemistry is needed.

3. How to prepare for JEE Advance ?

JEE Advance needs all concept to be cleared. So you need every topic to be totally cleared. For that discussion with teachers is necessary.

4. Which is a better option ? A school synchronised coaching program or school separately along with coaching classes ? why ?

A school synchronised coaching program is better as in this we need to worry about school syllabus and attendance that will be covered by the coaching. So far better as per me.

5. How to manage our time table ?

You need atleast 6 to 8 hours in a day regularly. So plan accordingly. Mainly try to do maths at night as it is most interesting and less learning.

6. What are the aspects of Bansal Classes that helped you the most ?

The friendliness of teachers and material helped me the most. Regular discussion and frequent doubt classes is just the bonus.

7. How to clarify our doubts ?

I think we should first try to discuss with friends then come to the faculty. They are very friendly and please don't hesitate to ask for a second.

8. How to keep ourselves motivated ?

Leave out all the negativity. Don't listen to most people as they don't care much. Whenever feel low just talk to the faculty. They will boost you up.

9. Is it important to give Weekly Tests and Review Tests ? How do they help ?

Yes it is very important to give weekly tests and Review tests. They keep you posted about your performance and where you stand. I think they are most important.

10. What is the percentage of questions that were taught to you were asked in JEE Advance ?

I guess 40 to 50 percent were almost taught.

12. Whom shall you give credit for your success is Board & IIT ?

Faculty plays an important role in my success. Parents attitude also helped and friend circle is also vital and a little to myself.

12. How to prepare for KVPY & olympiads ?

I guess, Sheets and DPPs are sufficient. But most importantly Concepts need to be totally cleared.

13. Which chapters in Chemistry, Physics & Maths are most scoring ?

In Maths - Conic Section, Vector, J.O, Straight line  
In Physics - Modern physics, Rotation,  
In Chemistry - organic, electrochemistry, chemical kinetics

14. How to prepare for inorganic & organic chemistry ?

For inorganic you need to learn a lot and check the type of questions frequently asked and organic I think conceptual clarity is must.

15. Which books should we refer for board & IIT Preparation ?

For boards ~~NCERT~~ NCERT is enough. For IIT, if you are in banasal classes I don't think any other book is required. But for physics ~~HC Verma~~ HC Verma is god.
